ACTION REQUESTED

ISSUE: The City Commission will consider a Resolution endorsing an application for a Small Matching Grant from the Florida Department of State Division of Historical Resources.

ATTACHMENTS:

Resolution 2020-05 Supporting a Historic Grant

ANALYSIS: The City completed a Historic Building Survey in March 1995 and desires to update the survey, update existing Master Site Files, and create new Master Site Files for its historic resources. The Historic Survey is a planning tool that permit city officials and property owners to make informed judgements about the historical significance of buildings in the community.

Matching grant funds are available through the Florida Department of State, Division of Historical Resources and can be used for updating the Survey. The City intends to seek the maximum grant of \$50,000 to help offset the cost of the update.

The City Commission will tentatively approve a capital improvement item in the City's proposed FY 2021-2022 (New Second Year) budget for \$100,000 for the Historic Resources Survey Update. If the State Legislature awards the Grant, funds would become available on July 1, 2021. If funds are not awarded, the project will not proceed at this time.

The proposed Resolution was prepared by the Community Development Department and reviewed by the City Manager and City Attorney.

STAFF RECOMMENDATION: Approve Resolution 2020-05.
