Public Notice:
City of Auburndale
Community Open House
to present
The Lakes District
Zoning & Development Standards

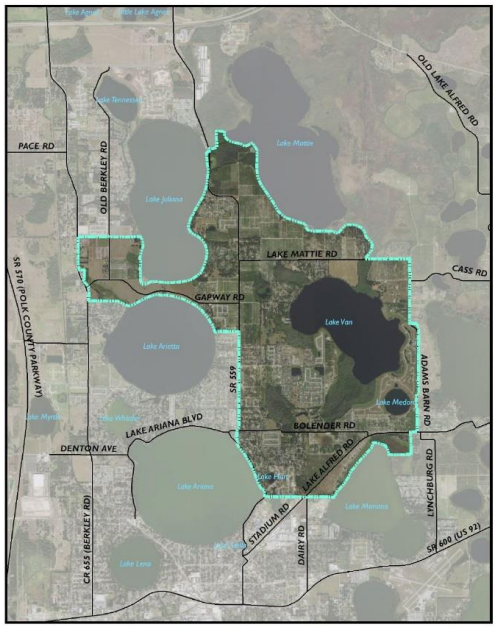
The City of Auburndale will be hosting a community open house to present new zoning and development standards for the implementation of The Lakes District Vision. The map below depicts the area of The Lakes District.

In 2019, the City adopted The Lakes District Strategy and Vision to provide a vision for this part of the City & County over the next 10 to 15 years. The Vision Plan addresses growth within this gateway area including elements such as land use, traffic, infrastructure, and parks. The Vision will be implemented through a series of amendments to the City's Comprehensive Plan and Land Development Regulations.

The open house will provide an overview of The Lakes District as well as present a draft of new Comprehensive Plan and Land Development Regulations intended to implement the Lakes District Vision.

Meeting Date/Time: **Tuesday, August 10, 2021, 6:00 pm – 8:00 pm**

Location: **Auburndale Civic Center, 115 West Park Street, Auburndale**



For More Information contact Amy Palmer, AICP at the City of Auburndale at 863-965-5530 or APalmer@auburndalefl.com or visit www.auburndalefl.com/lakes-district-plan for additional information on the workshop.
